

# ON-SITE PHYSICIAN SERVICES, VIRTUALLY.

Medical care and regular appointments with doctors are important for your health and wellness. The new virtual physician visits will provide you with quick and timely access to a physician for any of your acute care needs. The service is available to all patients, regardless of if you have your own family physician. The virtual physicians will work directly with your care team.

## BENEFITS OF VIRTUAL PHYSICIANS VISITS

Weekly physician appointments

Physician visit notes shared with your care team

Convenient and safe

Protected personal health information

Virtual referrals to specialists

Prescriptions sent directly to pharmacy
